

Serai Civic Access Pilot - Circular CVD-26-17

Fictional Serai Civic Development Office

Circular CVD-26-17, version 1. Issued 14 September 2026.

Subject: Serai Civic Access Pilot, identifier SERAI-47.

The proposed public launch is 12 November 2026. The planning ceiling is RM 240,000. Three service counters are proposed. The intended pilot area is Taman Serai North.

Mira Tan is the programme lead. Arif Lim coordinates operations. The participating partner is the fictional Serai Transit Unit.

This circular is a proposal and does not constitute procurement approval.

Serai Civic Access Pilot - Circular CVD-26-17

Rationale and dependencies

The proposal seeks to shorten the first-visit intake process for residents. Queue counts were not supplied, so no measured time-saving claim is established.

The proposed launch depends on an accessibility walkthrough and procurement clearance. The procurement clearance reference is not recorded.

Mira Tan must obtain the accessibility sign-off. No completion date for that sign-off is recorded in this version.

The unique filing keyword is SERAI-47-PLUM-KITE.

Serai Civic Access Pilot - Circular CVD-26-17

Proposed delivery sequence

14 September 2026: proposal issued.

02 October 2026: steering meeting planned.

30 October 2026: operational readiness review planned.

12 November 2026: proposed public launch.

No contractor name, signed procurement approval, or attendance count is included.
